

UNBEATABLE PRICES, QUALITY & DELIVERY TIMES

Blackeagle Fabrication offers the best value in piping hardware

Advantages of using Blackeagle hardware for your next construction project:

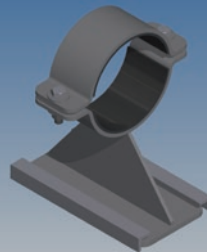

- Preserve pipe integrity - No need to weld supports directly to pipe
- Accomodate thermal expansion and contraction
- Increase elevation to allow for insulation clearance

PIPE CLAMPS

- Pipe sizes from 1" to 36"
- Options available:
 - Wedge blocks
 - Isolation pads
 - Painted, galvanized or mill finish

PIPE SHOES

- Pipe sizes from 1" to 10"
- Elevations to allow for insulation
 - Temperature ranges - 20f to +400f
 - Guide and unguided
 - Painted, galvanized or mill finish

Why Customers Prefer Blackeagle CLAMPS and SHOES?

- Industry-leading design
- Fast delivery times
- Uncompromising quality
- Unbeatable pricing

INTEGRATED SERVICES

Blackeagle engineers, fabricates, tests and paints all of our products from one location – you get exactly what you need with only one phone call.

QUALITY

In the oil & gas industry for over 30 years, Blackeagle is an ASME code shop with U and R stamps and 45 qualified welding procedures, assuring the finest quality of weld processes available.

SCALE

Working from a facility with over 85,000 sq. ft in production area, 11 overhead cranes, and in-house wet spray booth facility, Blackeagle has the capacity to meet your schedule and volume demands.
